Product Description

Gravely Pro-Turn® Mach One 60" Kawasaki® Zero-Turn Mower

Overgrown properties, stalky grasses, and wet conditions are no match for the MACH ONE. The tunnel deck directs clippings away from the blades, keeping them from getting bogged down.

Features may include:

- **60" High-Volume Output (HVO) Deck** - Increased deck depth from trim side to discharge side allows greater material processing capacity in demanding mowing conditions.
- **Kawasaki® FX1000 EFI Engine** - Powerful 38.5 HP engine delivers commercial-grade performance for heavy-duty mowing applications.
- **Constant Belt Tension (CBT) System** - Exclusive CBT technology maintains consistent belt tension for reliable blade tip speed and uniform cutting results.
- **Tunnel Deck Design** - Positions blades four inches behind the leading edge to lift grass before cutting for improved cut quality.
- **Fabricated Commercial Deck** - Durable fabricated deck construction designed to withstand demanding professional mowing environments.
- **Built for Tough Conditions** - Engineered to handle overgrown properties, dense vegetation, stalky grasses, and wet mowing conditions.

Best Use

- **Commercial Landscaping Operations** - Ideal for professional crews maintaining large commercial and residential properties.
- **Overgrown Property Management** - Designed to tackle tall grass, dense growth, and challenging mowing conditions efficiently.
- **Large Acreage Maintenance** - Wide 60-inch deck helps maximize productivity and reduce mowing

time.

- **Year-Round Turf Care Programs** - Complements [tips for taking care of your lawn](#) by providing professional-grade cutting performance for healthier-looking turf.
- **Flexible Fleet Management** - An excellent addition for contractors who also utilize [commercial mower rental services](#) to meet seasonal demand and project requirements.
