Product Description

Design Possibilities

A warming Escape. This stunning see-through fireplace allows you add architectural interest and ambiance to multiple rooms in a creative new way. One fireplace, two rooms of enjoyment.

Distinctive Details

The best fire. The cleanest look. And an authentic masonry appearance. With virtually invisible, anti-reflective glass and micro-screen mesh it creates an experience so real, friends may just try and add a log to the fire. Enjoy the ambiance with or without the fire with LED embers and accent lighting.

Total Control

Operating your fireplace is simple, smart and safe with IntelliFire Touch. Select from the app, touchscreen remote or wireless wall switch for the solution that fits your life. Bring the warmth from your fireplace into your room with a fan or redirect to another area of your home with heat management technology.

Fuel Type:

Gas
