SKU: 25C4EAD6-34DD-48B9-AF7A-AE7FE08C5B10

Categories: [Heatilator](#)

Product Description

The Heirloom provides authentic masonry style without the costs of a site-built masonry fireplace. The largest viewing areas in their class showcase intense fires, textured brick interior panels, powerful heat and high-efficiency performance.

- 36", 42" and 50" viewing areas
- Variable flame control up to 65,000 BTUs
- High-efficiency, AFUE-rated performance
- Select from the IntelliFire® app, touchscreen remote or wireless wall switch for the solution that fits your life
- Your choice of standard traditional or herringbone interior panels
- Finish it your way with a choice of decorative firescreen fronts with fine mesh for a clear view of the fire
