Product Description

The Scion is a linear electric fireplace with a sophisticated design, including a modern, minimal front trim, no visible heater, and a built-in look with 16" tall glass for a stunning view. Your choice of crystal media or driftwood logs complements vibrant LED flames and customizable ember bed colors, creating a captivating ambiance that's tailored to your interior design style. Available in 43 and 55-inch widths.

Fuel Type:

Electric
