Product Description

Seamlessly integrate your indoor and outdoor space with the Fortress see-through gas fireplace. The traditional style, expansive viewing area and authentic look fit perfectly in a variety of spaces. Non-reflective glass, accent lights and multiple interior brick options make this unique fireplace the ultimate in traditional luxury design. Enjoy the view both inside and out with the Fortress.

- Accent lighting enhances the effect of the flame and illuminates the fireplace interior. Enjoy the ambiance, with or without the fire.
- 30" tall fireplace adds enjoyment to your space
- Enhanced safety with intermittent pilot ignition
- Select from the IntelliFire® app, touchscreen remote or wireless wall switch for the solution that fits your life
- 316 marine grade stainless steel exterior is rust-resistant even in the harshest conditions
