Product Description

Transform your living space with the timeless appeal of the **Reveal Gas Fireplace**. Designed to recreate the authentic look of a traditional wood-burning fire, this open-hearth gas fireplace delivers full, generous flames and comforting heat without the mess of wood. Featuring a unique burner design and traditional brick interior panels, the Reveal offers an upscale aesthetic that serves as the perfect centerpiece for any room.

Available in **36" or 42" viewing areas**, this unit can be customized with optional doors to match your home's decor. Whether you are a homeowner upgrading your space or a contractor sourcing for a new build, the Reveal delivers style and warmth at a competitive price point.

We also offer [Fireplace Repair Service](#).

Key Features:

- **Authentic Design:** Open-hearth style mimics a real wood fire.
- **Customizable Size:** Available in 36" or 42" viewing widths.
- **Premium Finish:** Includes traditional brick interior panels.
- **Fuel Type:** Gas.
