Product Description

Gravely Pro-Turn 660 Kawasaki® EFI Zero-Turn Mower

SURPASSING EXPECTATIONS WAS A GIVEN. OUR GOAL WAS TO REDEFINE THEM.

Introducing the new Pro-Turn 600, the latest and greatest addition to our new generation of zero-turn lawnmowers. We've pulled out all the stops to build a commercial machine focused on operator comfort without sacrificing its superior performance, and we wrapped it all up in a sleek new design. You'll cut more acreage faster yet feel less fatigued when you trailer up for the night. Once you hop on board this new standard for commercial mowers, you'll never look back.

Features may include:

- **Suspension System** - This makes you feel like you're part of the machine, giving you more control and comfort by removing bumps and jolts, even while mowing at higher speeds. That means less fatigue by the end of the day. It's also specially designed to self-adjust for less maintenance.
- **X-Factor III Deck** - A new deck has been completely redesigned for better grass dispersion. Its new look is constructed from seven-gauge steel to deliver years of solid performance.
- **Large Diameter Tires** - On both the front and rear provide a smoother ride and more traction on varying conditions.

Best Uses for the Gravely Pro-Turn 660 Zero Turn Mower

- **Large Commercial Properties** - Ideal for office parks, campuses, and industrial landscapes where wide cutting decks help maximize mowing efficiency.
- **Professional Landscaping Routes** - Perfect for landscaping businesses managing multiple commercial accounts and high-volume mowing schedules.
- **Large Residential Estates** - Best suited for expansive private properties requiring professional-level mowing performance.

- **Sports Fields & Community Areas - Great for maintaining parks and recreational grounds** where speed and cut consistency are essential.
- **Mixed Terrain Landscapes - Suitable for properties with uneven or bumpy ground** where the suspension system improves comfort and control.

The Gravely Pro-Turn 660 60" Zero Turn Mower is built to deliver professional-level performance, durability, and operator comfort for demanding mowing environments. Powered by a 38.5 HP Kawasaki FX1000V engine and equipped with the durable X-Factor III deck, this [commercial zero turn mower](#) is designed to handle large properties with speed and precision. If you're looking for a powerful and reliable zero turn mower for professional landscaping work, [contact us today or explore financing options](#) to get the right mower for your operation.
