Product Description

Gravely Pro-Turn EV 52" SD Zero Turn Mower

ALL DAY ELECTRIC POWER. TRUE COMMERCIAL PERFORMANCE.

Introducing the Pro-Turn® EV — The first all-day electric commercial zero-turn. They run quieter while delivering the power and performance you expect from Gravely.

Features

FusionCore QuikSwap Batteries - FusionCore QuikSwap batteries are designed with flexibility in mind, ensuring you and your crew have the ability to continue cutting all day and beyond. Once again, Gravely is driving innovation and taking full charge of the new electric frontier.

X3 Constant Drive Spindles - Our proprietary spindles are designed to prevent motor damage by absorbing blade impact, protecting the machine from those unavoidable, accidental run-ins with ordinary obstacles. Spindles are easily serviceable, allowing you to rebuild and not replace.

Next-Gen Wheel Drives - Commercial durability and comfort reign supreme. Transaxles are driven with a brushless electric drive motor coupled with a planetary gearbox that increases torque. Your ride will feel the same as a gas-powered machine...minus the vibration, noise and exhaust.

Best Use

- **Commercial Landscaping** - Ideal for lawn care crews needing quiet, efficient, and powerful electric zero-turn mowers.
- **Large Commercial Properties** - 52" deck covers more ground with precision and speed.
- **Sustainable Lawn Maintenance** - Electric power reduces emissions and operational noise on commercial sites.
- **Continuous Operations** - Quick-swap battery system allows extended mowing without downtime.

Commercial Electric Zero Turn Mower for Landscaping Professionals

The Gravely Pro-Turn EV 52" SD Zero Turn Mower - Pro-Turn EV 52" SD delivers reliable all-day performance with 16 kWh Li-Ion power, FusionCore QuikSwap batteries, and a 52" fabricated deck.
