Product Description

Gravely Pro-Turn EV 48" RD Zero Turn Mower

ALL DAY ELECTRIC POWER. TRUE COMMERCIAL PERFORMANCE.

Introducing the Pro-Turn® EV — The first all-day electric commercial zero-turn. They run quieter while delivering the power and performance you expect from Gravely.

Features

FusionCore QuikSwap Batteries - FusionCore QuikSwap batteries are designed with flexibility in mind, ensuring you and your crew have the ability to continue cutting all day and beyond. Once again, Gravely is driving innovation and taking full charge of the new electric frontier.

X3 Constant Drive Spindles - Our proprietary spindles are designed to prevent motor damage by absorbing blade impact, protecting the machine from those unavoidable, accidental run-ins with ordinary obstacles. Spindles are easily serviceable, allowing you to rebuild and not replace them.

Next-Gen Wheel Drives - Commercial durability and comfort reign supreme. Transaxles are driven with a brushless electric drive motor coupled with a planetary gearbox that increases torque. Your ride will feel the same as a gas-powered machine...minus the vibration, noise and exhaust.

Best Use

- **Commercial Landscaping Crews** - Designed for professionals who need consistent performance throughout the workday.
- **Noise-Sensitive Areas** - Ideal for schools, campuses, parks, and residential communities requiring quieter equipment.
- **Large Property Maintenance** - 48" cutting deck improves efficiency for commercial mowing applications.

Commercial Electric Zero Turn Mower for All-Day Performance

The Gravelly Pro-Turn EV 48" RD Zero Turn Mower delivers powerful electric performance with its 16 kWh lithium-ion battery system, FusionCore QuikSwap batteries, and durable 48" fabricated deck. Built for professional landscapers who demand efficiency and reliability, this [reliable zero turn mower](#) provides quiet operation without sacrificing commercial-grade performance.
