Product Description

Gravely Pro-Turn EV 52" RD Zero Turn Mower

ALL DAY ELECTRIC POWER. TRUE COMMERCIAL PERFORMANCE.

Introducing the Pro-Turn® EV — The first all-day electric commercial zero-turn. They run quieter while delivering the power and performance you expect from Gravely.

Features

FusionCore QuikSwap Batteries - FusionCore QuikSwap batteries are designed with flexibility in mind, ensuring you and your crew have the ability to continue cutting all day and beyond. Once again, Gravely is driving innovation and taking full charge of the new electric frontier.

X3 Constant Drive Spindles - Our proprietary spindles are designed to prevent motor damage by absorbing blade impact, protecting the machine from those unavoidable, accidental run-ins with ordinary obstacles. Spindles are easily serviceable, allowing you to rebuild and not replace.

Next-Gen Wheel Drives - Commercial durability and comfort reign supreme. Transaxles are driven with a brushless electric drive motor coupled with a planetary gearbox that increases torque. Your ride will feel the same as a gas-powered machine...minus the vibration, noise and exhaust.

Best Use

- **Commercial Lawn Care** - Ideal for landscape professionals seeking electric zero-turn efficiency.
- **Large Properties** - Perfect for campuses, parks, and business grounds requiring full-day operation.
- **Environmentally Friendly Applications** - Suitable for operators who want a quieter, emission-free mower.
- **High-Durability Tasks** - Built to withstand frequent commercial mowing without downtime.

Electric 52" Zero Turn Mower for Commercial Use

The Gravely Pro-Turn EV 52" RD Zero Turn Mower delivers powerful, all-day electric performance with FusionCore QuikSwap batteries, X3 spindles, and next-gen wheel drives.
